Warwick Physical Therapy Celebrates Grand Opening

Warwick Physical Therapy recently celebrated its grand opening. Located in the Mitchel Corners Shopping Plaza, located at 25 Elm St., in the Village of Warwick, Warwick Physical Therapy provides physical, occupational, and speech therapy in a comfortable, state of the art facility.

"We provide an outstanding patient experience; from ease of scheduling to hands-on care. Each of our therapists has over 20 years of experience. Our patients aren't just handed off to assistants after their first evaluation visit. Warwick Physical Therapy is the only practice in the area with private treatment rooms. Since our soft opening a few months ago, our exceptional service has been reflected by having more than half of our new patients referred to us by previous patients. This is the strongest compliment we can receive," read a statement from the company.

Warwick Physical Therapy was started by Agnieszka "Aggie" Pindral, Ellen Warren, and Victor Januario.

Aggie Pindral, a European trained physical therapist, has both a masters and doctorate degree in physical therapy. Aggie was the coordinator of St. Anthony Community Hospital's therapy department for four years before leaving to start Warwick Physical Therapy. She specializes in hands-on manual therapy and advanced joint and spinal mobilizations. Aggie also specializes in pediatric therapy and sports injuries.

Ellen Warren, a clinical specialist in chronic pain management, has been an occupational therapist for over 26 years. She is the only registered occupational therapist in the Warwick area. She has worked in a variety of rehabilitation and mental health contexts and was affiliated with the Pain Management Program at the Hospital for Joint Diseases Orthopedic Institute, New York University Medical Center in New York City for 12 years. There she developed both in-patient and out-patient mind-body programs. Ellen's unique programs have been featured in newspapers, magazines, and on New York One and Good Morning America.

Warwick Physical Therapy's employees speak Polish, Portuguese, Spanish, and Russian. There is ample parking for guests and operating hours will be weekdays from 9 a.m. to 5 p.m., with weekend and evening hours by appointment. For more information, or to schedule a consultation, visit www.warwickpt.com or call 986-5555.
